

ThinkPad C14 Chromebook Enterprise

This new 14" clamshell provides a corporate workhorse to round out the enterprise portfolio of ThinkPad Chromebooks. Ideal for today's work-from-anywhere environment, the ThinkPad C14 Chromebook Enterprise delivers the quality and durability you expect from Lenovo, plus access to enterprise apps through Chrome OS. Enhanced security solutions keep data and identities safe, with ThinkShield features like the fingerprint reader and camera shutter, plus Intel vPro® Platform security and the Google-designed Titan C security chip.

Productivity goes anywhere you do with Wi-Fi 6E* and optional LTE connectivity, along with all-day battery life. The Intel® Pentium to Core i7 vPro® processors, FHD RGB camera, and clear sound certified by Waves MaxxAudio® make this powerful go-to laptop perfect for virtual collaboration. And with Chrome Enterprise and Chrome Zero Touch Enrollment, the cloud-first ThinkPad C14 Chromebook is easily manageable for customizations, deployment, and security.

*16GHz Wi-Fi 6E operation is dependent on the support of the operating system, routers/APs/Gateways that support Wi-Fi 6E, and the regional regulatory certifications and spectrum allocation.

ThinkPad C14 Chromebook Enterprise

WORK-FROM-ANYWHERE PRODUCTIVITY

With two Thunderbolt USB-C ports¹ for fast and safe data transfer, the ThinkPad C14 Chromebook Enterprise ensures a workforce that can easily access files in a secure digital environment from wherever they're working. Delivering long battery life, this cloud-first device with the unlocked business capabilities of Chrome OS ensures work-from-anywhere employees—across industries and verticals—stay connected to critical information, while also providing IT with the ability to manage devices remotely.

ENTERPRISE-READY SECURITY

Together, Lenovo ThinkShield, Intel vPro[®], Titan C, and Chrome OS create an unbeatable combination for unyielding security. Physical and biometric security features, like a webcam privacy shutter and touch fingerprint reader, are built into each ThinkPad C14 Chromebook Enterprise. And Titan C, the Google-designed security chip on ThinkPad Chromebooks, defends from the core to keep devices secure, protect user identity, and ensure system integrity. Finally, Chrome OS and its business capabilities keep your business safe with seamless updates and protection against evolving threats.

SOLID VALUE

The Chrome ecosystem of the ThinkPad C14, along with Chrome Enterprise Upgrade, provides a modern user experience with built-in security, quick and easy deployment, and hassle-free management—all while reducing total cost of ownership.

durability

Because it's MIL-SPEC tested with 12 methods, 26 procedures, and 200 additional quality checks, the ThinkPad C14 Chromebook Enterprise is designed for durability and engineered with reliable, long-lifecycle components.

connectivity

The ThinkPad C14 Chromebook Enterprise is port-rich for meeting room use, while Wi-Fi 6E and optional LTE keep cloud workers connected at all times—from anywhere.

performance

With its portable clamshell design, the ThinkPad C14 Chromebook Enterprise delivers seamless productivity no matter how the workday is defined. The 14" display, Intel[®] Pentium to i7 vPro[®] processors, and up to 16GB LPDDR4x memory make this workhorse a solid winner for the hybrid workforce.

¹Non-vPro SKUs have USB4-spec USB-C ports.

Services

Lenovo offers a comprehensive portfolio of end-to-end services to support and protect your investment—so you can focus on the job at hand, not IT.

PREMIER SUPPORT

As IT budgets contract, you need to reduce complexity, decrease operational costs, and find ways to increase efficiency from your in-house IT support teams. Lenovo™ Premier Support manages routine support tasks, freeing IT focus on strategic efforts that move the organization forward. Boost end-user productivity and limit downtime with direct access to elite Lenovo engineers who provide unscripted, advanced hardware and software support.

CO₂ OFFSET SERVICES

As the first in the industry, Lenovo offers this certification service to customers who wish to purchase their PC products CO₂-compensated over the device's lifecycle. Included in the hardware transaction, CO₂ compensation is based on realistic emission by product, covering production, shipment, and typical usage cycle (5 years). This service proactively supports reduction of CO₂ emitted in the atmosphere and compensates for environmental impact of business operations.

CHROME OS ZERO-TOUCH ENROLLMENT

Get the right devices to employees while securing endpoints, surfacing new cloud-based tools, and managing overburdened help desks. Zero-touch enrollment from Lenovo and Google allows remote deployment and auto-enrollment, shipping devices ship directly to users.

Accessories

Lenovo 100 Stereo USB Headset

This business-ready stereo headset features a rotatable boom microphone and passive noise cancellation for clear audio on VoIP calls. It is lightweight for all-day wear with comfortable leather and memory-form earcups. Adjustable headband and boom microphone allow for either left-side or right-side wearing.
