PAIRING JUNELAGE

The headset and transmitter are paired out of the box, indicated by a solid LED on the transmitter. If your transmitter's LED is double-blinking, follow the steps to pair your headset and transmitter.

Le casque et l'émetteur mini devraient déjà être appariés, comme l'indique un voyant fixe sur l'émetteur. Si le voyant de votre émetteur clignote deux fois, suivez les étapes pour appairer votre casque et votre émetteur.

1 Connect your Stealth™ 600 Gen 2 for PlayStation® Transmitter into an available USB port on your PlayStation®4 console. Your Transmitter will begin to double blink blue as it searches for your Headset.

Connectez votre émetteur Stealth™ 600 Gen 2 pour PlayStation® à un port USB disponible sur votre console PlayStation® 4. Votre émetteur commencera à clignoter deux fois en bleu, indiquant qu'il cherche votre casque.

2 Power on your Stealth™ 600 Gen 2 for PlayStation® Headset and the LED will begin to double blink blue as it searches for your Transmitter.

Allumez votre casque Stealth™ 600 Gen 2 pour PlayStation® et le voyant LED commencera à clignoter deux fois en bleu, indiquant qu'il cherche votre émetteur.

3 Within 10 seconds, the Transmitter's and Headset's LED's remain solid, indicating a successful pairing. Dans les 10 secondes qui suivent, les voyants LED de l'émetteur et du casque resteront fixes, ce qui indique qu'ils ont bien été appariés.

After 30 seconds, your transmitter will search for both the previously paired headset or any available Stealth™ 600 Gen 2 headset to pair to. Bring the two units closer together to ensure faster pairing. Au bout de 30 secondes, votre émetteur cherchera le casque apparié précédemment ou n'importe quel casque Stealth™ 600 Gen 2 disponible avec lequel s'appairer. Rapprochez les deux unités pour un appariage plus rapide.
