Brand : Lindy

Product code: 43322

Product name : 15m USB 3.0 Active Extension Slim

15m USB 3.0 Active Extension Slim

[Lindy 15m USB 3.0 Active Extension Slim:](#)

The Lindy USB 3.0 Active Extension Cable Slim uses built-in active electronics to extend the cable length of a USB 3.0 device by an additional 15m whilst continuing to support data transfer rates of up to 5Gbps. With its USB A male and USB A female connector it allows Type A devices such as storage devices, webcams and other Type A devices to be connected at longer distances to PCs, laptops and tablets, while also ensuring flexible positioning. Up to 2 extension cables can be chained together to achieve a distance of 30m.

The Lindy USB 3.0 Active Extension Cable is compatible with all USB Type A equipped computers. The cable's unique and slim design allows installation in narrow surroundings - an advantage over other active USB leads which use bulky connectors.

The USB active extension cable also features a DC socket for connecting an external power supply (not included) when using USB peripherals which have higher power requirements.
