Highlights

A plug-and-play accent lamp

The Philips Hue Bloom is a small, versatile smart lamp that casts light in any of millions of colors. The Bloom's easy plug-and-play design lets you place the lamp anywhere: place it on a table to wash the walls with beautiful light, set it on your nightstand for a gentle nightlight or position it near your TV to enhance your entertainment with light.

Control with app or voice*

Philips Hue works with Amazon Alexa, Siri and the Google Assistant. Simple voice commands let you dim, brighten or change the colour of your lights, whether you want to control a single lamp or all lights in your home. Voice control requires a Philips Hue Bridge and a compatible partner device.

Control up to 10 lights with the Bluetooth app
