B-TECH AV MOUNTS

MOUNTS SCREENS TO ROUND COLUMNS

BT7832
COLUMN/PILLAR CLAMP

The BT7832 is designed to work with a collar compatible B-Tech flat screen mount to display digital signage on a round column or pillar. The straps wrap around the column so no drilling is required and are adjustable making them suitable for different sized columns. Ideal for any indoor environment where columns are used instead of walls, such as airports, conference halls, gangways, offices and sports auditoriums.

SPECIFICATION

Max load	50kg
Adjustable width	140mm - 750mm

FEATURES

- Allows displays to be mounted around a column or pillar, without the need to drill into it
- Use with a collar compatible flat screen mount
- Straps can be moved up and down to accommodate different height wall mounts
- Strap holds firmly onto the column without slipping
- Suitable for landscape or portrait mounting
- Ideal for use in airports/offices/sporting auditoriums
- Secure locking mechanism prevents the strap becoming loose over time

50KG

Allows displays to be mounted around a column or pillar, without the need to drill into it
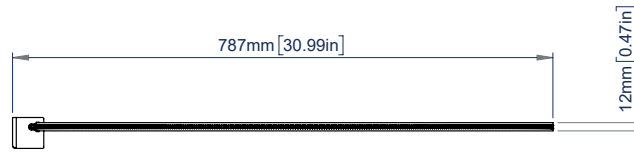

Use with a collar compatible flat screen mounts such as BT8441 or BT8432
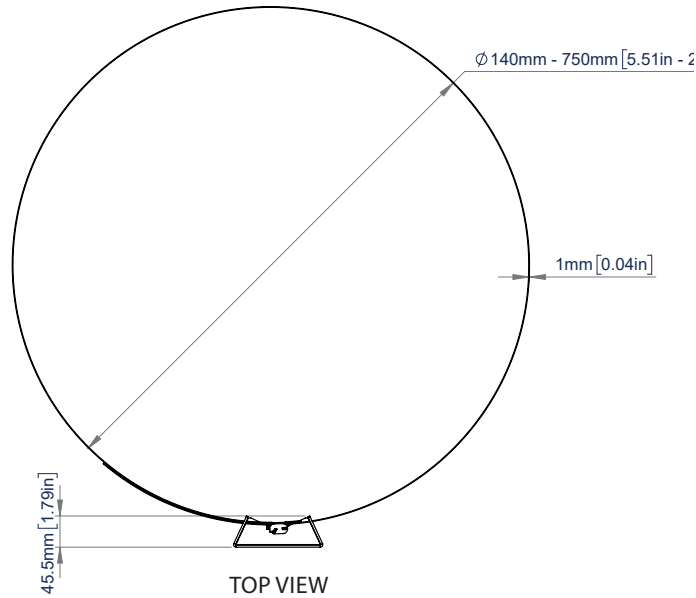

Suitable for landscape and portrait mounting

Secure locking mechanism prevents the strap becoming loose over time
