

Anker Prime 20,000mAh Power Bank (200W)

Charge Everything Everywhere Faster All at Once

KEY SELLING POINTS

Experience the 200W Efficient Charging

1. With a total output power of 200W and a maximum output of 100W per port, this charger can fast charge up to 3 devices simultaneously.
2. Equipped with dual USB-C ports that can output 100W each, you can fast charge two laptops at full speed simultaneously.
3. With an input power of 100W, it can be recharged quickly and fully charge in just 75 minutes. Moreover, it supports wireless recharging by Anker 100W charging base through the Pogo pin.

It's a Compact yet Powerful Unit

1. It is as small as a soda can, making it easy to carry and place on your desk without taking up too much space.
2. The anti-slip design provides a comfortable grip.
3. With a capacity of 20,000mAh, it can charge your phone 2-3 times and fully charge a MacBook 13" once.

Enjoy the Fancy Charging experience with the modern UI design

Featuring a TFT color screen and modern UI design, you can easily check the remaining battery life and charging time. It satisfies both your aesthetic and technological needs.
