

Recharge all your devices easily and safely with a range of powerful, compact accessories.

WALL CHARGER - 45W GaN FOR LAPTOP - TABLET - SMARTPHONE

Ref. 001363

- + 1 USB-C port 45W Max + 1 USB-A port 18W Max
- + Compatible Power Delivery et Quick Charge
- + GaN component
- + GRS-certified 100% recycled plastic
- + Compact, lightweight format
- + Compatible with all European power outlets (type C/E/F)

Weight : 82 g | Dimensions : 82 x 45 x 27 mm

Quick Charge technology: for USB-A charging ports.

This technology speeds up and optimises the charging process for batteries in smartphones, tablets and other electronic devices, by increasing the charging power **to fill the battery more quickly**.

Power Delivery / PPS (Programmable Power Supply) technology: For USB-C charging ports.

These technologies speed up and optimise charging while adjusting the power delivered according to the device being charged. The mains adapter will not deliver the same power to charge a smartphone as it will to charge a tablet. This makes for **faster, more efficient** recharging, while preserving and **extending battery life**.

GaN (Gallium Nitride) component:

This component enables more efficient and **compact** electronic systems that **reduce energy losses**. Mains adapters equipped with this GaN component **consume less energy** while being smaller and lighter than traditional adapters.

PLUS PRODUCT

Universal compatibility

Compact, lightweight format

Optional charging cable

Cable :
USB-A > USB-C (Ref. 001278)
USB-C > USB-C (Ref. 001342)

LOAD POWER DISTRIBUTION

Power use for 1 port

Power use for 2 simultaneous ports
