Red Hat Enterprise Linux - Subscription and Support

NOTE: Hewlett Packard Enterprise offers version-less subscriptions. This gives you the ability to download and run any supported version of Red Hat Enterprise Linux.

NOTE: Hewlett Packard Enterprise offers two types of entitlement delivery, electronic and printed. The electronic SKUs are listed below. The printed SKUs are the same except you replace the "AAE" with an "A" at the end. HPE encourages customers to pick one ordering option to avoid confusion and issues.

Channel Partners & Distributors

NOTE: Electronic SKUs ship immediately. HPE strongly encourages channel partner and distributors to place orders on-demand.

Product Features

Subscription Activation Instructions for your Red Hat software purchased from HPE

The subscription activation instructions for your Red Hat software purchased from Hewlett Packard Enterprise is a two-step process:

Step 1

Use your Entitlement Order Number above to register your support on the HPE Licensing Portal <http://myenterpriselicence.hpe.com/>

Step 2

Upon completing your support registration you will receive a Red Hat Activation Key. You must activate your Red Hat subscription by entering this key at: <http://www.redhat.com/activate>

Linux Installation & Startup Services

HPE Installation and Startup for Linux takes the pressure off your people and helps shorten your time-to-benefits. Available in two versions, this HPE Care Pack service encompasses all deployment activities necessary to get you up-and-running fast.

- Package 1, a fixed-price, fixed-content service, provides for operating system and TCP/IP network protocol installation and integration; network interface card configuration; printer queue setup; Remote Insight Lights-Out (RILO) or Management Processor board configuration; installation of HPE Insight Management Agent software for servers; initiation of a one-time tape backup; and basic usage orientation.
- Package 2, a custom-quoted service, may include any or all Package 1 deliverables - plus more complex activities such as "send mail" configuration, DNS configuration of network applications, hard drive partitioning, and NFS client and server installation.

NOTE: For additional information on these services please visit the following web site: <http://www.hpe.com/services/rhel>

Red Hat Certification & Supported Matrix

An HPE ProLiant server is certified if it has passed the Red Hat certification test suite. Hewlett Packard Enterprise supports all Red Hat certified servers which mean Hewlett Packard Enterprise will support any HPE delivered driver or management software for Red Hat.

Environment- friendly Products and Approach	End-of-life Management and Recycling
--	---

Hewlett Packard Enterprise offers end-of-life Hewlett Packard Enterprise product return, trade-in, and recycling programs in many geographic areas. For trade-in information, please go to <http://www.hp.com/go/green>. To recycle your product, please go to: <http://www.hp.com/go/green> or contact your nearest Hewlett Packard Enterprise sales office. Products returned to Hewlett Packard Enterprise will be recycled, recovered or disposed of in a responsible manner.

The EU WEEE directive (2002/95/EC) requires manufacturers to provide treatment information for each product type for use by treatment facilities. This information (product disassembly instructions) is posted on the Hewlett Packard Enterprise web site at: <http://www.hp.com/go/green>. These instructions may be used by recyclers and other WEEE treatment facilities as well as HEWLETT PACKARD ENTERPRISE OEM customers who integrate and re-sell Hewlett Packard Enterprise equipment.
