## Install the Privacy Filter -- Adhesive Strips

For installations that are intended to be permanent, or if the **Monitor** does not feature large **Bezels**, please use the **Adhesive Strips**.

1. Clean the **Laptop Display** and **Bezels**, using the **Wiping Cloth**.

2. Select the side of the **Privacy Filter** that is intended to face outward (i.e. matte or glossy side) and place the **Privacy Filter** on a clean and flat surface with the selected side facing down.

3. Remove all the **Adhesive Strips** from the **Transparent Lining**.

7. Carefully apply gentle pressure to locations on the **Privacy Filter** where the **Adhesive Strips** were placed.

8. Clean any fingerprints on the **Privacy Filter**, using the **Wiping Cloth**.

Installing the Privacy Filter -- Mounting Tabs

It is recommended to use the **Mounting Tabs** to install the **Privacy Screen** if you intend on frequently removing the **Privacy Screen** from the **Monitor**.

1. Clean the **Laptop Display** and **Bezels**, using the **Wiping Cloth**.

2. Separate the **Mounting Tabs**.
