Made For Left-Handers

Programmable Driver

Adjustable Weight Tuning System

Ergonomic Vertical Design

Adjustable Multi-Color Options

■ Ergonomic Vertical Design Made For Left-Handers

Our Left-Handed vertical ergonomic design helps you achieve a more natural grip, better support, and natural wrist position. With our sleek design and added support, the Adesso Vertical Ergonomic iMouse E7 is perfect for long hours of use.

■ Programmable Driver

Adjust and customize your iMouse E7 to your liking to enhance your gaming experience with the included Programmable Driver. Easy to install, and navigate through, within the driver menu, adjust anything from mouse colors, to blinking speed, to assigning commands (macros), and reprogramming buttons with a few simple steps.

■ Adjustable Weight Tuning System

The Adjustable Weight Tuning System allows you to control how heavy you want the mouse. It comes with 3 removable 10g weights, to mix and match up to 30 grams of extra weight for a personalized feel and comfortable control.

■ 3 Level DPI Switch (400-6400 range)

Attain higher precision and better accuracy with your choice of 3 DPI levels from an individual range of 400-6400. Easily switch from three different DPI settings which change color depending on the level chosen. From the default settings of 400 (green), 800 (blue) and 1600 (red) the easily-accessible DPI button lets you quickly switch between the various computer tasks you partake throughout the day.

■ Adjustable Multi-Color Options

Choose your backlit color and breathing intervals with the included driver to suit your personal preference and mood. Once set to your preference, the multi-colored LED lights let you work or play from dusk til dawn at your desk, study, or in the bedroom without disturbing others!
