Norton AntiVirus Plus helps provide protection for your device (Mac® or PC), and the personal information it stores, against viruses, ransomware, malware, and other online threats as you bank, browse and shop online.

The Firewall for Mac® or Smart Firewall for PC monitors communications between your computer and other computers and helps block unauthorised traffic.

Norton AntiVirus Plus also includes always-thereΔ Member Services and Support, 2 GB Cloud Backup as a preventive measure against data loss due to hard drive failures and ransomware, and Password Manager to more securely manage your passwords and logins.

Should the unexpected happen, our Virus Protection Promise offers a refund. If your device gets a virus we can't remove, you get your money back.
