### 30W Fast Charging

The ALOGIC Rapid Power Car Charger transforms your car into a fast-charging hub, with plenty of juice to keep your iPhone, iPad, smartwatch and wireless earbuds fully charged. In fact, it's so fast you can even use it to power a MacBook Air or an energy-efficient Ultrabook.

The charger takes advantage of USB-C PD's robust safety features, automatically selecting the ideal safe voltage to keep your device safe, while maximising charging speeds.

### Charges Two Devices

There's no need to choose between your GPS and your partner's playlist, when you can charge two phones at once.

With twin USB-C capable of delivering 12W fast charging simultaneously, the Rapid Power Car Charger is your solution to back (and front) seat charging squabbles.
