Canon 3851V818 staple remover Paper:

A perfect companion for Canon imageFORMULA document scanners, the Instant Staple Remover-A1 speeds up pre-scan preparation of documents. Simply align the staple with the LED light and press the switch for the staple to be removed. Neat staple removal reduces the risk of additional damage or tearing of documents. It also means you'll have a smoother scanning process as documents will be able to pass through your scanning device easier. Offering great flexibility at high volumes, the Instant Remover-A1 removes staples from up to 30 sheets at one time, speeding up your workflow. Removed staples are collected in a convenient staple bin, which can hold up to 500 staples.
