FOR USE WITH Ø50MM POLES

BT7825

TRUSS CLAMP FOR Ø50MM POLES

Designed to fit B-Tech's Ø50mm poles onto truss systems, scaffolding and other horizontal poles, the BT7825 features a Zinc plated clamp to fit truss sizes of Ø42mm - Ø50mm and integrated cable management. The BT7825 has a drop length of 194mm and comes pre-assembled to shorten install times. Supplied as standard with safety bolt and grub screws for a secure installation, these can be replaced with alternative shorter versions, to allow a better channel that allows cables to pass through more easily.

SPECIFICATION

Max Load (Single Screen Installations)	70kg
Max Load (Back-to-back Installations)	140kg
Steel thickness	2mm
Drop Length	194mm
Truss Compatibility	Ø42mm - Ø50mm
Colour	Black with Zinc Clamp

FEATURES

- Adjustable adaptor for attaching Ø50mm poles to truss systems, scaffolding and other horizontal poles
- Supplied with safety bolt for secure installation
- Multiple grub screws allow micro-adjustment of the pole angle once mounted
- Alternative 'short' bolts to allow cables to pass through more easily
- Wing-nut fixing allows quick release of the clamp from the pole
- Integrated cable management for a neat and tidy installation
- Zinc plated clamp
- Pole sold seperately

70KG Single Screen Installs

140KG Back-to-back Installs

Grub screws allow micro-adjustment of the pole angle once mounted

Integrated cable management for a neat and tidy installation

Wing-nut fixing allows quick release of the clamp from the pole

Fits truss systems from 42mm up to 50mm
