Staple up to 20 sheets of paper with this electric stapler that attaches to your multifunction product (MFP).

Easy to use

When the LED on the convenience stapler is blue, it's ready to staple up to 20 sheets of 90 gsm (24 lb) paper. There's one staple position in the corner, which staples at an angle. If the LED is off, the convenience stapler is probably in sleep mode; it will wake up once you insert a stack of papers to staple.

Easy to install

The convenience stapler is designed to be installed by customers - no tools required. It has its own power cable so that it doesn't get power from the MFP, and it comes with 1,000 staples.
