

# PC 5 CHAT

## Multi-platform stereo headset

The PC 5 Chat stereo headset is designed for multi-connectivity with different devices. A suitable choice for e-learners and internet telephony users, proprietary transducer technology delivers excellent sound while the unidirectional microphone is designed for passive noise-cancellation for clear communication.

The single 3.5 mm jack ensures plug-and-play compatibility with devices that have a standard 3.5 mm communication port such as laptops, phones, PCs and tablets. This lightweight on-ear headset is designed for comfort and engineered for durability. The ear pads are replaceable for long term sustainable use, and spares can be purchased our website. For e-learning and internet telephony calls use, this high-quality headset provides excellent value.
