Do you need a solution to centralize the management of your HP ProLiant Servers environment?

HP Insight Control gives you an essential server management experience, resulting in superior centralized management of physical and virtual servers. You can use HP Insight Control to manage the health of your HP ProLiant servers, to deploy and migrate your servers quickly, and to optimize power consumption and performance. You can manage HP servers running Microsoft Windows, Red Hat and SUSE Linux, VMware ESX, and Microsoft Hyper-V environments.

HP Insight Control integrates not only with HP software products, but also with leading third-party enterprise management consoles, such as Microsoft System Center and VMware vCenter. You can purchase HP Insight Control via standalone licenses or via bundles with HP ProLiant Servers and BladeSystem enclosures.
