2

Press and hold button for **10 seconds**.

Release.

Light will **blink red and blue** to indicate pairing mode.

Light will **slow blink blue** when Bluetooth is paired.

WARNING

Make sure USB door is closed and fastened.

This will protect against sweat and water damage.
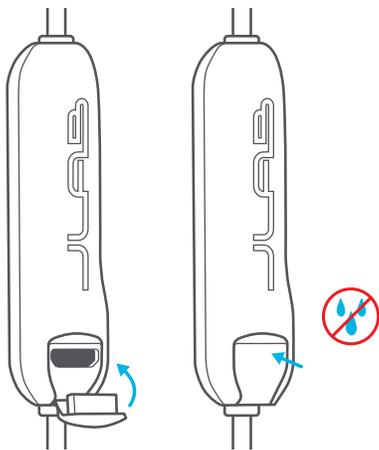

Before charging, the JLab BT earbuds need to be fully dry.

If there is any exposure to moisture, the internal components may become damaged.

It is best practice to air dry before charging.
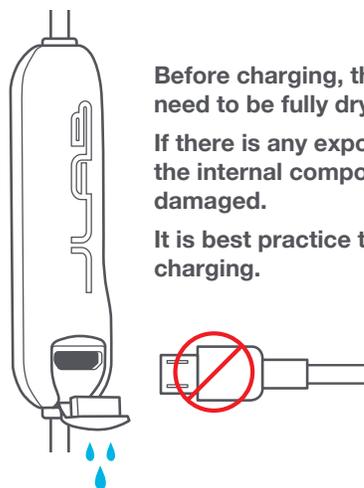

CAUTIONS

• Avoid getting moisture or liquids into the tip of the earbuds or charging port.

• Avoid extreme heat, cold, and humidity.

• Avoid dropping or crushing the earbuds, stressing the cable by rapid pulling or extreme force, or bending the cable at a sharp angle.

• Wax may build up in the earbud tips, lowering the sound quality. Carefully remove the wax with a cotton swab or other small tool to improve the sound quality.

• If you experience discomfort or pain, try lowering the volume or discontinuing use temporarily.

• If you experience regular discomfort while using this product, discontinue use and consult your physician.

• We recommend you treat your earbuds as you would a nice pair of sunglasses and keep them in safe location when not in use.
