2m 4-Way UK Mains Power Extension, Black

[Lindy 2m 4-Way UK Mains Power Extension, Black:](#)

Mains extension leads are simple solutions for expanding power connectivity from a mains power source to multiple connected devices. Equipped with fixed leads of various lengths, they are also useful for extending a power connection from the mains power source.

The Lindy 2m 4-Way UK Mains Power Extension is ideal for powering up to 4 UK mains devices from a single UK mains power source, perfect for where a limited number of plugs are available. The 2m fixed cable allows for connection of devices at a distance from the mains plug, great for use in residential setups or offices where multiple devices require power.

The extension lead can also be easily wall mounted to ensure a clean, tidy installation that does not impact the rest of the setup visually.
