Wireless Mouse M185

[Logitech Wireless Mouse M185:](#)

Logitech® Wireless Mouse M185. A simple, reliable mouse with plug-and-play wireless. You get the reliability of a cord with wireless convenience and freedom—fast data transmission and virtually no delays or dropouts. The 1-year battery life means fewer hassles, too.* You'll enjoy the high quality and reliability that have made Logitech the global leader for mice—plus a three-year limited hardware warranty. The tiny nano receiver works right away without software and is small enough to leave in your USB port so you won't lose it. And on top of that, this comfy, contoured mouse treats your hand right.

* Battery life may vary based on user and computing conditions.
